warm90

## oil filled heater

Ideal to keep your rooms warm

The WARM90 oil-bath heater from H.Koenig is ideal for rooms that need to be heated quickly.

Its 9 heating elements and 2000 W output allow to heat faster than a conventional heater, while consuming less energy with its adjustable thermostat.

The WARM90's overheating protection and tilt safety switch ensure automatic shutdown of the heater in the event of danger. Greater safety for users! Its compact size makes it easy to store and transport.

The WARM90 is powerful and discreet, so it'll fit in anywhere in your home.
